VitalSource[®]

Expand Day One Access

Seamlessly integrate library, and non-traditional materials into your day-one programs to enhance student engagement and success.

- 1m

Expansive. Flexible. Student-Focused.

Incorporate 'free-to-student' materials, including on-campus library resources, Open Education Resources (OER), and web assets, into your existing Day One Access Program. Provide students with essential materials at no extra cost, seamlessly integrated within the familiar, user-friendly platform of your established program.

- **Enhance Access:** Allow students to easily access Library/OER Content and web assets through the LMS.
- Simplify Setup: Seamlessly integrate and manage resources within your existing IA and EA programs.
- Cost Effective: Offset overall program costs and provide students with even more value by offering additional resources within their day-one program, reducing the need for costly alternatives.
- Engage Stakeholders: Collaborate with academic librarians and other campus entities to maximize program impact.
- **Track with Precision:** Monitor usage and billing with transparent reporting.
- Increase Convenience: All course materials are available in one seamless experience.
